

ALL MY LIFE
(a. aparicio)

**For all my life,
For all I can,
I wanted to be in a cool as fuck band.
Like the Psychic Furs
And XTC,
Like Freddy Mercury's and Kiki Dee's.**

Chorus:

**Gravel and grate
Banter and scream
Frolic and Fuck
And fulfill all my dreams.
My dreams.
My dreams.**

**Part of my life I spent getting a tan,
Primping and pruning – trying to catch me a man.
Delila's a liar, Peter's a Saint.
Shut the hell up and open the gate.**

Chorus:

**For all my life,
Wanted to sing like "the man".
Stagger and breach and get off the can.
Now Elvis C. is my first inspiration
To be bigger and badder is my own destination.**

Chorus:

**For all my life.
For all my life.
For all my life.
For all my life.**
