

Angels
a. aparicio

Shimmering Jack
Falling through the cracks,
Innocent and clean.
Rub and dub dub
Drowned in a tub,
With a needle and a magazine.
You are the brightest star in the sky
You are my eyes, my eyes, my eyes...

Dietrich and the King
Danced like an oiled machine,
Caught a virus in his lemonade.
In 5 short years,
Died with a tear
A love serenade.
You are the brightest star in the sky,
You are my eyes, my eyes, my eyes..

Chorus:

Angel
You were born to fly
Angel
Up in the open sky

A sassy Salsa Mama
A bad Mamajama
A Cuban and a golden vile.
One small spark,
Ashes in the dark
Mother Love, Sister style...
You are the brightest star in the sky
You are MY EYES, MY EYES, MY EYES..

Chorus:

She was
The ecstasy queen
All painted and lean,
Went to model in Japan
Twisted and turn,
Crashed and she burned

But they buried “her” as a man...
